

WHAT YOU GET IN THIS PACKAGE:

- RETRO Bluetooth handset
- Mini USB charging cable
- Wall mount
- PA 3.2 x 20 mm screw
- Wall anchor

CONNECTING WITH BLUETOOTH

- Push blue Hands On button for 5 seconds; LED will flash red and blue alternately.
- Turn on Bluetooth capability on your device so it can detect *Hands On*.
- 3. Once your device finds *Hands On*, press OK or Confirm to connect.
- * If pairing is unsuccessful, turn off RETRO turn on, repeat connection procedure.

TROUBLE SHOOTING:

If you are having problems using your RETRO Bluetooth handset, please email: customerservice@logiix.net

MAKING A CALL:

 Once your RETRO Bluetooth handset is connected, you can make calls as you normally would. Volume can be controlled through your mobile device or on the back of the handset (Vol + / – buttons).

ANSWERING A CALL:

- Press the blue Hands On button located at the top of the handset to answer a call.

DISCONNECTING A CALL:

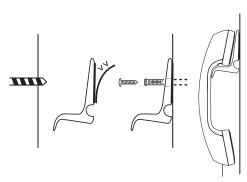

- Press the blue Hands On button located at the top of the handset to disconnect a call.

WALL MOUNT:

To install wall mount you will require the following:

- wall mount
 PA 3.2 x 20mm screw
 wall anchor
- 7/32" drill (not included)
- 1. Drill hole in the wall with 7/32" size drill bit where you would like wall mount to be located.
- 2. Peel back the adhesive backing, line up wall mount with the hole in the wall and press the mount to the wall surface.
- 3. Insert the plastic wall anchor inside the wall mount all the way.
- 4. Using a screw driver, screw in the PA 3.2 x 20mm screw.
- 5. You may now hang your RETRO Bluetooth handset on the mount.

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:

- (1) this device may not cause interference, and
- (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

- (1) l'appareil ne doit pas produire de brouillage, et
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
